Issue 15 – August 2010

Eagle 53 Cruise North 2010

This year Eagle 5308 will be venturing to the Whitsundays on 31 July. There are no planned marina stops along the coast, however the purpose of the trip is to showcase the vessel at Airlie Beach where she is expected to arrive in early August. Inspections are available by arrangement.

Moderate north westerlies are expected for the first morning of the trip, easing to pleasant conditions on Sunday where the crew plan to anchor at Lady Musgrave overnight. A low pressure system and cold front off the NSW coast on Monday is expected to bring some moderate southerlies for the next leg from Lady Musgrave to the Keppel Islands.

We aim to have an online blog of the trip on our website.

Virtual Tour

We are currently working on a virtual tour of the Eagle 53 which will allow webpage customers to virtually view the vessel.

Eagle 53 MK II

A number of changes to the build package of the Eagle 53 showcased at the Sanctuary Cove Boat Show are now included as standard and have been branded as the Eagle 53 MK II.

To mark the occasion we will be releasing special pricing on a new build of your Eagle 53 with the aim of having the vessel completed for Sanctuary Cove 2011. Details will be released shortly.

Happy boating,
Michael & Therese Waugh
